

Annual Parish Meeting Report

As you will have seen in the Parish Magazine, my reports confirm that we live in a very low crime area.

Sadly, my reports have been less regular than usual. This was due to very unfortunate circumstances, entirely beyond my control, affecting the availability of up to date reported crime statistics.

Although not directly connected to the Parish Warden's role, I continue to help with the school "Walking Bus" each weekday morning. In my opinion, the parking has not been as bad during the current school year – with the usual odd exceptions. The current main issue with me is the parking of cars, with engines running, while mobile phones are in use. The School's "Friday Flyer" has published appeals for this to cease. Whether the appeals have any effect, long term, remains to be seen.
