

## **Parish Warden's Report for Edgmond Annual Parish Meeting - 2022**

From my perspective the last year has been a frustrating one. Due to other priorities, IT changes, and staff changes, the crime statistics for the village have not regularly been available from West Mercia Police. Having said that, I do appreciate that P.C. Lee Thomas has done his very best to supply the requested information.

Another point worth raising is that I cannot really understand why people post on social media about suspicious vehicles in the village, etc, but do not also report them to the police. If such reports are not made, then the local police numbers will be even further reduced for obvious reasons!

John Keeping (Parish Warden)
